Dear Folks,

Well tomorrow I will have been at Ft. Benning a month. During that month I have had to settle down three times. Yesterday afternoon we moved to the Harmony Church area. Since we were still straightening up this morning, we could not leave the company area and thus could not go to church. I might have known that I would have to miss sooner or later but I am still going to go as often as I can.

We live in barracks that hold 15 men out here. We are set in a woods and are located with the rest of the ASTP units. Since our whole battalion moved together my address does not change a bit.

I got my package yesterday evening. It came just a day later than your letter. I liked the article in the Scholastic about the ASTP. In fact I read all the stories in the Scholastic and in the S. S. paper instead of writing letters as I should. Speaking of letters I hope you are still writing to Ben. Uncle Everett's write to me about once a week and these letters certainly do help.

Just think if I had gone to the navy I would be getting a furlough already. I don't know for sure when I will be getting one. I may get one when my basic training is over, but I may not come until I have had a term of college. This would make it about April before I see you.

You asked if I still get the tribunes. I get them regularly 2 or 3 days after they are published and

read them all through. I kind of
lost out on my Reader's Digest for
November. I thought I could get
one at the Pk. when I got here.
They are all gone now and if I
am lucky I may be able to get one
next month. I think that if it
is still possible I would like for
^{you}~~me~~ to send these to me. At least
you can send me the one for Nov.
when you are through with it and
can let me know about the future.

I am glad that you didn't ~~buy~~
buy that \$22.50 watch that you saw
if there was a chance that it wasn't
any good. I want you to use your
head when and if you buy one. At
least I can use my Gruen while
I am in school.

I had K.P. again yesterday^{morn.}; they seem
to come about once a week. Since they
were getting ready to move, I don't
think I missed much so maybe I
won't have to work very hard to
make it up.

Well so long for now and
keep writing.

Donald.
