

These things don't
have to be sent now
but they will fill
your request.

(1) Nail file and maybe
scissors to trim nails.

(2) Some contrivance to
keep a locker key (One
of those little leather
cases like the one on
Grandpa's car would
be O.K.)

(3) A piece of emery
cloth and a little
hunk of emery stone
or something of the
kind for sharpening &
taking the rust off
my knife.

(4) A couple of shaving sticks one for inspection + one for camping out.

(Send these before long for let me know if you can't get them. They are like shaving cream only in sticks)

* (5) Watch.

(6) First aid kit.

(7) Tube of unguentine

(8) My razor box.

(9) Mother could make me a little case of oilcloth or something waterproof material for carrying of few matches. 1 inch x 1 1/2 or thereabouts.

(10) I lost my little hand brush in one of the shuffles so another one of these.

- (1)* You might send me an army belt with a gold belt buckle but this isn't necessary.
- (2)* I might use a sleeveless khaki sweater if I ever get in very cold climate.
- (3)* I could use a Bible if it was small enough.
- (4)* I don't know whether or not I will be issued military slippers when I go to school but these would come in handy then. I would like for them to be the tie kind & they must have plain toes.
- (5) I might use one or 2 more bath towels after a while.
- (6) A non breakable tooth brush holder with a top on it. I can get these here if you can't.

(17) A ten-cent plastic dogtag chain. I broke my other one wearing my key on it. I always wanted a hunk of this kind of stuff to use with the parts of my other key chain so I am sending it home to use in civilian life. I am using a string one now.

This is all I can think of now + the ones starred (*) are only very optional.

*
(18) Something more or less permanent for keeping track of my writing equipment.

(19) A cigar box, ^{or 2} to keep that stuff in that I have to keep for inspection, etc.

(*) (20) Some kind of slippers to save bare feet on dirty floors. There is one kind with wooden soles & only a strap across the top that many of the fellows have. These are handy & can also be worn in the showers to prevent athlete's foot.

(21) A comb to carry in my toilet article case. Somewhere between the size of a pocket comb & a barber comb.

Pardon the scrappy papers

(*) (22) Small flashlight. x
