Dear Folks,

Well we fired our rifles for record today. I qualified as marksman and would have been a sharpshooter with 2 more points. Several of the fellows made sharpshooter and expert but also several did worse than I did. Considering my experience with guns & my eyesight I am going to be satisfied.

I am sending some money for you to keep or spend for me. If Richard needs any money use it that way. Other ^{wife}

spend it on bonds or
a watch.

my rifle is to clean
so Goodnight

Love

Donald
