# The Spectrum of 1943

This is the year when zoot suits gave way to military uniforms, when jive talk yielded to "Yes, sir!," when we, the students, became we, Americans. In recognition of the remarkable way in which you, the high school students of 1943, and you, the teachers of these same students, contributed to this change, we, the staff, present this Spectrum!

# *To You—*

John Hinds, for your friendly handshake and sly humor as much as your untiring work in the industrial arts department, we dedicate this book. Your services as business adviser to the Spectrum Staff were, are, and will continue to be greatly appreciated by all students.

# They're In It!

They're the ones who answer our questions . . . who spring tests on us . . . who work with us or for us . . . who sign our excuses . . . who are our teachers! Our school has a faculty of twenty-three well-trained teachers, ready to serve our country in their own special way—whether it's filling out rationing cards or solving the mysteries of algebra for us! Because of war conditions, our teaching staff has been altered a great deal this year. In December Mrs. Widmeyer left and Miss Leist arrived to take over home economics . . . Mr. Williams now is seen in Mr. Hale's place . . . Mr. Herbert is gone from the athletic bench. But our teachers CAN handle the situation! They know their work and really buckled down to it. New classes and subjects were listed on the schedule—airplane drafting, aeronautics, physical fitness, home nursing, refresher math, and advanced science! The faculty, ably headed by Mr. Wood, superintendent of schools, Mr. Evans, senior high principal, and Mr. Disque, junior high principal, and served by the two secretaries, Miss Zimmerman and Miss Edgell, deserve much of the credit for the high standing our school has had in contribution to the war effort. Teaching thirty-eight different subjects in the two buildings, our faculty has proved itself able to meet a crisis in school management—1943 style!

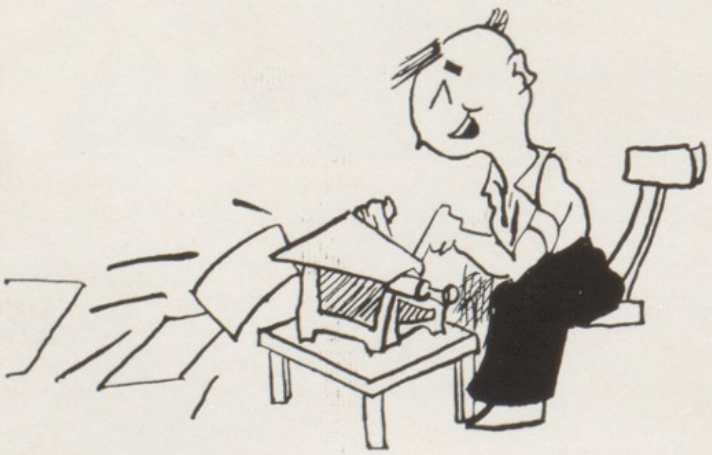

Katie C. Slone—Geometry, Algebra . . . Fred Disque, Junior High Principal—Agriculture . . . Edith Hull—History, Commercial Geography . . . John Hinds—Industrial Arts, Shop Mathematics . . . Helen Brannon—Algebra, Arithmetic . . . Guy Foster, Dramatic Coach—English . . .

Work and worry . . . paste and paper . . . snaps and secrets . . . carbon and cartoons—they're all a part of one annual! The original staff of the 1943 Spectrum, Betty Fuller, Betty Latchaw, Gratia Henry, Donald Tappan, Robert Glass, and Dick Lewis, elected new members from the senior class; Nell Young, Teresa Rastetter, Barbara McClead, Virginia Cartwright, Dan Rohn, Leroy McCullough, and the junior class; Martha Ellis, Laura Marquand, Betty Vischer, Mary Barbara Kane, Ray Stelter, and Joe Walker, to help them beat the deadline! They held a photo contest and snapshot drive and put on hair bows and glasses for an "Information Please" program in the assembly! Even our staff felt the impact of war—Dick Lewis, our photographer, left for the Air Corps and Harry Schaefer took over his work. Barbara McClead, one of the business staff, and Dan Rohn left for school All breathed easier when at last the cabinet in room 18 was locked, the receipts put away, the rulers laid back, and the book went to press!

# Activities

# All Out...

# It's Our Job...

It's activity with a capital A—when aimed at victory! The high school students of 1943 know that war is won by a united effort . . . so they're getting together . . . and working together in whatever way they can!

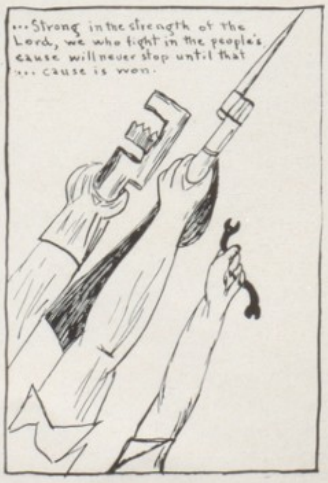

# It's Been Done!

Stamp sales from November to February amounted to $983.50; bond sales to $796.25 . . . a total of $1,779.75! Congratulations to all of you! Scrap metal was collected by high school students. The pile is still growing! The book drive, sponsored by the Junior Red Cross, brought in over 100 books for the boys in service! A hushed silence as the service flag, with a field of blue stars, rose in the gym at the impressive dedication services March 19. Presented by the senior class, it hangs in the assembly and is constantly growing as high school graduates leave for the armed forces.

# . . . For Victory!

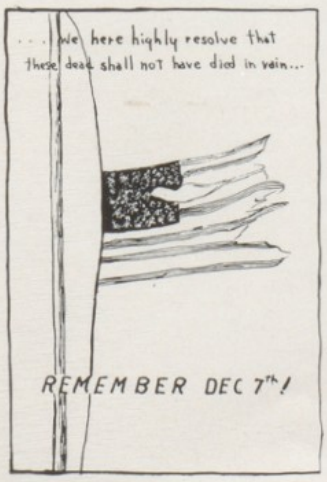

# We Got Busy . . .

We gave 100% to the American Red Cross War Fund . . . stickers on every door in the high school buildings show that we're all for it! Junior Red Cross officers are Max Ritter, president; Nell Young, vice-president; Judith Markle, secretary; and Betty Vischer, treasurer. With Miss Hieatt as faculty adviser, they're behind many activities—amateur hours . . . donations to the Red Cross to aid in relieving the suffering of children in war-torn countries . . . and the making of surgical dressings at the local Red Cross station by high school girls.

# It's Been Fun!

Even twelve laps around the building or twenty push-ups are a part of our war program! Physical fitness classes, required of every boy over seventeen, under the direction of Mr. Treesh, were set up in January. Climbing ropes . . . jumping benches . . . obstacle courses may result in a quick jump for liniment today—BUT a quick jump to tomorrow's Victory!

# Football

It's the thrill and excitement of a football game! Fall sunlight on the gridiron or the dazzling glare of the floodlights . . . the grunt of a tackled opponent or the yell of a fan in the bleachers . . . a leaping bonfire or the headlights of cars across the field!

The football team, with Mr. Herbert as coach and Dick Lewis as captain, despite the fact that it was hindered by gas rationing and the late start of the school year, was successful. Seniors lost to next year's squad are Jim Wilson, Dan Rohn, Boris Nacoff, Bill Gipe, Richard Lewis, and Richard Hall. Returning lettermen, around whom our team will be centered next year, are David Etchison, Jay Riggs, Eugene Weed, Bob Gipe, Earl Almack, John Hughes, John Wilson, Joe Howerton, Delmar Newman, Neil Johnson, and Hugh Clegg. Ray Stelter and Sam Ewell, both lettermen, are in the armed forces. Other experienced players for next year's team are Ray Nelson, Martin Patz, Wilbur Rubrecht, Ray Reed, and Bob Potter. Student managers were James Auth and Lawrence Durzinsky.

Rousing cheers and excellent teamwork . . . There's no foul play when Ronald Treesh's Tigers come on the floor. The team, of which only three men, Ludlow, Riggs, and Etchison, were members of last year's squad, throughout the year played excellent ball and finished with brilliant success. The high point of the scheduled season was the 34-22 defeat over Tipton's powerful team.

Alexandria, in the opening game of the sectional tournament, downed Summitville by a 46-33 score, and on Friday night defeated Frankton 33-25. Lapel, the sectional winner, was barely able to edge past the Tigers in the semi-final round. Since only two men, Fox and Kane, will be lost by graduation, great things may be expected from next year's team. Players awarded letters were: Seniors—Charles Fox, Bob Kane; Juniors—Eugene Weed, David Etchison, Eugene Ludlow, Ray Stelter, Jay Riggs, Bob Ray, and Jack Brenner; Sophomores—Ray Nelson, Bill Muey, and Eugene Barnett; Freshman—Joe Howerton.

Student managers were Donald Tappan and Lambert Oliver.

Boost your school! . . . Get behind your team! . . . We need your yells! Sixty-three members of the Booster Club contributed to the school spirit during the athletic seasons this year by the organization of this club, the first of its kind here. Backed by Mr. Treesh, it has been active in all its endeavors.

The officers—Jack Beigh, president; and Mary Olive Fox, secretary-treasurer—and the executive committee—Betty Lawrence, Barbara Hughes, Maurice Wright, Joe Walker, Duane Cook, Jack Beigh, Mary Olive Fox, and Mary Barbara Kane—direct the activities of the club. A war bond raffle . . . an all-school party after a basketball game . . . and a banquet for the team at which the awards were given . . . all kept the members busy. Led by the three yell leaders, Betty Lawrence, Barbara Hughes, and Maurice Wright, the club raised the roof . . . with yells that . . . swell!

# Industrial Arts

Watch that lathe! . . . saw on the line! . . . hand me that hammer! . . . all in the nigh school shop, working under war . . . and toward victory! The industrial arts department, under the able direction of Mr. Hinds, Mr. Hale, and Mr. Williams, is doing all it can for the war effort—whether behind the shop math book . . . the mechanical drawing desk . . . or even the piece of sandpaper!

Mr. Hale, who left at the end of first semester, was succeeded by Mr. Williams. Besides teaching the boys and girls during school hours, special night classes have prepared over 100 people for defense jobs! Working under the war-training program, the shop has been able to add some machines and supplies through Federal Funds. Night classes are also being held for boys who are building model airplanes for special Navy training!

# Science

From circuits to seaplanes . . . plants to potassium . . . heat to headaches—all in the realm of science . . . a war important subject in a war-conscious year! Teaching biology, physics, chemistry, general science, and a new subject, aeronautics, Mr. Buck, Mr. Williams, and Mr. King are doing a full time job toward victory!

Science is important in the war program . . . pre-induction basic physics is sponsored by the state government and required of the top-ranking students in the science test . . . aeronautics students become interested in and have a good background for air corps training . . . the army needs the chemists who now work in the lab! It's war-time . . . important time for scientific youth!

# Home Economics

Save — Serve — Conserve has become the motto of the home economics department this year. Under the direction of Miss Leist, who came in December when Mrs. Widmeyer left, the girls are learning how to manage a home efficiently . . . even under war conditions!

Cooking classes are solving rationing headaches with great success; sewing classes are remodeling last year's dresses with pleasing results; and home nursing students learn first aid and the care of children. The senior girls have been busy redecorating and upholstering furniture for the small home economics room. Nutrition classes for the boys and victory garden lectures for the girls appear on the schedule! Aprons . . . biases . . . and coffee pots have become the A B C's of Victory!

# Library

Library—buzzing with students frantically hunting for that book on government, or that last minute article—while a staff of librarians, under the direction of Miss Hieatt, shellac and shelve new books dealing with aeronautics, shop math, or history. New, interesting magazines are constantly on the way out . . . to readers in every assembly!

# Commercial

Take a letter, Miss Smith . . . balance, invoice, liabilities . . . now is the time for all good men—to give credit to the commercial department, under the direction of Miss Allen and Mr. King. With their teaching of shorthand, typing, bookkeeping, salesmanship, and consumer education, they are aiding their country by preparing students capably to take over the many jobs behind production!

Capability . . . efficiency . . . and knowledge are being taught to these vocational students, regardless of the speed attained. Although some of the enrollees in the department are taking these subjects merely for personal knowledge, most of the students are eager to aid their country with a typewriter . . . a notebook. . . and a pencil!

# Seniors

whose pictures do not appear in this Spectrum are Albert Beardsley, Betty Breese, Joyce Dailey, Neal DeWitt, Bill Gipe, Edward Griffey, Donald Hannah, Bob Kane, James Ledford, Boris Nacoff, and Ethelyn Wayner.

# Girl Reserves

Read left to right--First Row: Wilma Hurst, Emaline Holford, Mary McCord, Eileen Cunningham, Joyce Dailey, Jean Siler, Vitalis Schott, Naomi Plackard, Betty Fuller, Velma Thurston, Marcella Montgomery.
Second Row: Trevella Crist, Gaynelle Ashby, Betty Townsend, Virginia Cartwright, Martha Carver, Mary Jo Laws, Ruth Bannon, Dorothy Garner, Garnet Owens, Patricia Foley, Thelma Sizelove, Crystal Jester, Murial Seybert.

Reserves' seats? . . . Yes, Ma'am! They're right in the assembly—every other Tuesday during home room period! The Girl Reserves, an organization in which every high school girl takes an active part, is headed by Mary Martha Million, president; Betty Fuller, vice-president; Wilma Hurst, secretary; and Naomi Plackard, treasurer. Miss Frazier, faculty adviser, meets with committees and works with the officers.

We got close to that "little piece of England" during Mrs. Carpenter's review of "Mrs. Miniver" . . . found out about medical mysteries and culinary crafts when Miss Jones, the school nurse, and Miss Leist spoke to us . . . and clapped enthusiastically when junior high groups performed! All programs were in charge of committees, headed by Betty Kathryn Arnold.

Peggy Seybert, president; Margaret Ulmer, vice-president; Doris Shawhan, secretary; and Judy Johnson, treasurer; are the officers for the freshmen Girl Reserve group, headed by Miss DeVol. Their activities included . . . the junior high Christmas program . . . Thanksgiving baskets . . . a Valentine party for Hi-Y boys . . . an amateur hour for senior high . . . and a bake sale—for everyone!

Chile . . . Valentines . . . and plays were all on the schedule of the seventh and eighth grade Girl Reserve Club under the direction of Sue Carpenter, president; Evelyn Russell, vice-president; Jean Farquer, secretary; Elizabeth Anne Glover, treasurer; and Miss Shepherd, faculty adviser.

# Hi-Y

Read left to right--First Row: Max Ritter, Herbert Wehsollek, Neil Johnson, Ronald Ferguson, Elmer Maynard, Jim Templeton, Robert Blomeke, Jack Beigh, Mr. Foster, Eugene Ludlow, Bill Muey, Eulen Walker, Bob Hines, Billy Stewart, Kenneth Hand, Leon Cleaver.

Second Row: Robert Montgomery, Jack Young, Donald Tappan, James Kane, Virgil Street, Robert Hand, Roy Jones, Joe Walker, Robert Ray, Duane Cook, Eugene Weed, David Etchison, Jim Wilson, Kenneth Allen, Richard Tappan, Earl Crum, Charles Cochran, Robert Glass, John Malone, Kenneth Wolfe.

They're flying "high" . . . Why? Because it's time for the meeting of the Hi-Y club, sponsored by Mr. Foster. The organization, composed of forty-six members, twenty-two of which were taken in this year, is brought to order by Duane Cook, president; David Etchison, vice-president; Donald Tappan, secretary; Eulen Walker, treasurer; and Marvin Garner, sergeant-at-arms. Although there has been no junior high organization this year, freshmen boys have been initiated and take part in all activities.

The actives ARE active! . . . with a calendar of events to prove it. Remember the book exchange . . . the pencil machines in both buildings . . . the dance at the J M Club? That's a sample! The boys can tell you of their potluck supper . . . Christmas exchange . . . swimming party . . . hamburger fry . . . how they made the Hi-Y plaque in the gym . . . and danced with the Freshmen Girl Reserves at their Valentine party! Clayburn Williams, Roy Jones, Joe Walker, Herbert Wehsollek, Robert Glass, Richard Hall, Kenneth Allen, and David Etchison attended the Older Boys' Conference at Indianapolis this year.

Horns and half rests . . . drums and diminuendos . . . are all tied up in band, forty-three members who meet every day. They played at the football and basketball games, the Armistice Day program, the Service Flag Dedication, and marched on Memorial Day . . . Competing in the District Band Contest in Elwood April 10, the band was entered in Class Double B, for schools of 250 to 500 enrollment. Graduating seniors are Jacquelin Lindley, Albert Beardsley, Herbert Wehsollek, Leroy McCullough, Allison Holford, Ben Ed Black, and Richard Hall.

A staccato whistle . . . the sound of marching feet . . . a twirling bit of silver . . . and the Baton Corps! Catherine Beardsley, Reanelle Benefiel, Rosamond Cleaver, Caroline Deardorff, Joyce Etchison, Jean Farquer, Dixiana Gross, Madonna Heartbarger, Marilyn Hoppes, and Betty McKee practice every Wednesday during home room period. Also organized the last semester was a Drum and Bugle Corps, composed of boys who drill and practice during home room period Thursday.

"What voice through yonder doorway breaks?" . . . It's the mixed chorus, fifty-nine high school students who meet every Monday and Wednesday. Organized at the start of second semester, it is under the direction of Mr. Deardorff. The chorus sang the Easter Cantata, "Victory Divine," by J. Christopher Marks, under the sponsorship of the Ministerial Association. The ninth grade junior glee club, composed of twenty-eight members, meets and sings with the mixed chorus.

# How Do You Do?

As well as the eighth graders? . . . you're aiming at the stars--to beat these youngsters! Organized into home rooms one and two, they elected their officers early this year. Room one . . . under the supervision of Mrs. Martin . . . is represented by Barbara Scott, president; Sheldon Lindley, vice-president; and Shirley Wells, secretary-treasurer. They spell success with a capital S . . . their war stamp funds lead both senior and junior high! Mrs. Shepard took over Miss Hull's room two at the end of first semester . . . with Bill Beaman, president, and Sue Carpenter, secretary. A Valentine party . . . defense stamp sales . . . home room programs are only a small part of their activities. These eighth graders are beginning on the ground floor with the teachings of democracy . . . but are already hitting high!

# To Junior High!

Come the boys and girls of seventh grade . . . real high school members now! Miss DeVol's home room three is truly democratic . . . with a rotating set of officers every six weeks. Both seventh grade rooms have gone without two cokes for a defense stamp . . . eaten ice cream and cake at the Christmas party . . . dropped their Valentines in the box! Miss Brannon's home room four's officers are Doris Lee Hon, president; Patricia Anderson, vice-president; and Carol Fish, secretary-treasurer.

You're on the home stretch! . . . Are you sighing with relief . . . or ready for another peek? We wish at this time to thank Miss Hieatt and Mr. Hinds for their indispensable aid . . . Mr. Isley and Harry Schaefer for their photography . . . Donald Tappan for his quiet, but extremely important work . . . and the entire staff for their attitude and cooperation.
